### *Best Credit Data and Eagle Investment Systems Establish Alliance to Distribute Bond Pricing*

Boston, MA - September 7, 2016 - Best Credit Data Inc. (BCD), a provider of bond pricing and analytics data, today announced an alliance with Eagle Investment Systems LLC (Eagle), a BNY Mellon company and leading provider of financial services technology, to make their end-of-day bond pricing and analytics available to Eagle's global client-base.

BCD Municipal Bond and Corporate Bond Pricing provides high-quality evaluated pricing and analytics for over 1.25 million US municipal bonds and 30,000 US Corporate bonds every day with eight years of end-of-day history. Through this new collaboration, Eagle's clients are able to receive BCD's municipal and corporate bond pricing through a direct connection to Eagle's award-winning portfolio management suite of data management, investment accounting and performance measurement solutions.

"We are excited to be collaborating with Eagle because of their high-quality customer service and ability to seamlessly integrate data into clients' systems," said Jimmy Suppelsa, Co-Founder & COO of Best Credit Data Inc. "We are eager to support the growing demand for evaluated pricing options by working with innovative service providers such as Eagle, which gives us a new global alliance through which our mutual clients can access BCD data."

"We are committed to providing our clients with options to source comprehensive and high-quality data to help them manage and grow their assets efficiently," said Joel Kornblum, Head of Strategic Alliances at Eagle Investment Systems. "Recent consolidation among reference data providers highlights the importance of helping our clients to integrate best of breed solutions. We are excited to collaborate with BCD and extend their US corporate and municipal bond pricing data to our clients, enabling them to benefit from additional perspectives into the highly illiquid and quickly changing bond markets."
