## **Exchange Data International to Distribute Best Credit Data's Corporate Bond Pricing Data**

EDI clients can now subscribe to BCD Corporate Bond Pricing feed.

**Boston, Massachusetts - February 29, 2016** - Best Credit Data (BCD), a provider of end of day bond pricing data, today announced that Exchange Data International (EDI), will distribute BCD Corporate Bond End-of-Day Pricing data to EDI clients around the world.

BCD Corporate bond pricing provides end of day pricing for over 30,000 US Corporate bonds every day and roughly 7 years of daily history. Customers will be able to access such data fields as: Price, Yield, Spread, Multiple duration calculations, Convexity, and OAS. This agreement builds on BCD's and EDI's existing Municipal Bond Pricing service agreement. There are plans to deliver future pricing and analytics for other asset classes in the coming months.

"EDI's clients have wanted excellent, affordable corporate bond pricing and analytics data and we proudly delivered." stated CEO Pierre Robert. "We really value and appreciate our partnership with EDI."

"BCD's continued dedication to being an excellent alternative source of fixed income pricing and analytics can only serve our clients who deal with an illiquid fixed income world with no one willing to share data." said Jonathan Bloch, CEO of EDI. "We greatly value their content and partnership."
