

## **Best Credit Data Partners with Investortools to Distribute Municipal Bond Pricing**

*Best Credit Data Partners with Investortools to Distribute Municipal Bond Pricing.*

Boston, MA ([PRWEB](#)) March 15, 2017 -- Best Credit Data Inc. (BCD), a provider of bond pricing and analytics data, today announced a partnership with Investortools, Inc., the leading provider of Investment System Solutions for financial institutions.

BCD's Municipal Bond Pricing provides evaluated pricing and analytics for over 1.25 million U.S. municipal bonds every day with more than eight years of end-of-day history. With this new partnership, Investortools' now has the ability to deliver BCD municipal bond prices to their portfolio management systems, such as Perform®, for clients who want a high-quality alternative to traditional pricing services.

“Investortools software is among the most widely-used and most respected work flow solutions products in the Municipal bond industry, being used by over 150 institutions for their fixed income analytics, indexing, modeling and more,” said James Suppelsa, Chief Operations Officer at Best Credit Data, Inc. “We are thrilled to be partnering with Investortools to help service their clients’ needs.”

Mark Bradford, Vice President of Client Service at Investortools, said, “As our clients seek more alternatives in pricing sources, we are glad to continue providing additional high quality evaluated pricing options like Best Credit Data. Their 100% coverage of the Muni bond market is important to our clients.”
