

Best Credit Data Partners with Exchange Data International to Distribute Municipal Bond Pricing Data

Wednesday, June 24, 2015

Partnership will enable EDI clients to subscribe to BCD Municipal Bond Pricing feeds.

Boston, Massachusetts - June 26, 2015 - Best Credit Data (BCD), a provider of end of day bond pricing data, today announced a partnership with Exchange Data International (EDI), to distribute BCD Municipal Bond End-of-Day Pricing data to EDI clients around the world.

BCD Municipal bond pricing provides end of day pricing for over 1.25 million US municipal bonds every day and roughly 8 years of daily history. With this new partnership, EDI's customers will have the ability to subscribe to the BCD municipal bond pricing data. Customers will be able to access such data fields as: Price, Yield, Spread, Multiple duration calculations, Convexity, and OAS.

"We are excited to partner with EDI", said Pierre Robert, CEO of Best Credit Data Inc. "Their global presence and their extensive experience with data-feeds made them an ideal partner."

"We are excited to bring BCD on as a new partner to help us fill the need for customers in regards to the Municipal bond pricing", said Jonathan Block, CEO of EDI. "They are the perfect partner to help bring transparency to a market sorely in need of high quality information due to severe illiquidity."

About Best Credit Data Inc.

Best Credit Data is a Boston based provider of US bond pricing and analytics. By using observation driven methodology and big data database technology, BCD is changing the bond pricing and analytics world by providing cost effect alternatives to the market.

About Exchange Data International Inc.

Exchange Data International (EDI) is a wholly owned subsidiary of Information Publishing Plc. Since 1994 EDI has been helping the back office operations of financial institutions worldwide with market leading reference data products. Over the years, EDI expanded and evolved its service offering. The company now has offices in London, New York, Montreal, Mumbai, and in Morocco. It supplies specialized financial data to global financial institutions including major banks and investment banks, brokerage houses and custodians.
